

# Become a Sponsor at BIO 2025

## The Rhode Island Pavilion at the BIO International Convention

Join us in the Rhode Island Pavilion at the 2025 BIO International Convention. The Rhode Island Life Science Hub and RI Bio are excited to welcome BIO back to New England, where we will take center stage at the Boston Convention & Exhibition Center. The Pavilion will serve as a dynamic hub, offering unique branding opportunities and vibrant meeting spaces designed to foster collaboration and innovation. Sponsorship opportunities provide prominent visibility, including at our exclusive Innovation Showcase at The Envoy Roof Deck, where we will celebrate Rhode Island's thriving life sciences ecosystem and highlight groundbreaking advancements in neuroscience and related fields.
